IN THE NAME OF ALLAH, MOST BENEFICENT, MOST MERCIFUL

Preface

All praise be to Allah, and may peace and blessings of Allah be upon His Prophet, Muhammad. Allah says very explicitly in His Book;

(Here is) a Book which We have sent down unto you, full of blessings that they may ponder over its signs, and that men of understanding may receive admonition.” [38:29]

If we don't understand the Book, how can we ponder on its verses! The Prophet of Allah, Muhammad (ﷺ) said,

The best among you are those who have learnt the Qur'an and teach it (to others)” [Ṣaḥīḥ Bukhārī].

This booklet is prepared to give at least some help in fulfilling the abovementioned objectives. Please keep the following points in mind (in addition to those listed on the back cover) while studying this booklet:

1. When there are more than one distinctly different meanings of a word, a semicolon is placed between

the two meanings. For similar meanings, a comma is placed between the meanings. For example: (eye; spring (عَيْنَ)) and (above, up (عَلَى)).

2. If the last letter of a word given in this booklet does not have a vowel sign (َ), it indicates that any vowel sign can come on it depending upon the context in which that word is used. If ال occurs before the word, then Tanwīn (ً) is not used.
3. At the bottom left of the page, total is provided for the number of times the words of that page have occurred in the Qur'an. The bottom right shows the percent of the total Qur'anic words that you have learnt so far, if you have memorized the meanings the words till that page.
4. In almost every case, the words are arranged alphabetically to make the search easy.
5. The word forms related to dual number and feminine gender are used sparingly in the Holy Qur'an. Therefore, these forms may be given less emphasis in the beginning stages.
6. For almost every verb type, samples of the معروف (active voice) forms are provided in the first line

those of the مجهول forms (passive voice) in the last.

7. Just like in any language, some verbs and nouns of action are always followed by a preposition. For example, believe in: آمَنَ بِ.

However, in some cases, a change in preposition may change the meanings too, for example, get; get in; get at; get by, get off, get on, etc. A list of some important verbs along with changing prepositions is provided on page no. 34.
